## DESPONDENT VIEW IS HELD REGARDING CONFLICT

### Four Hundred Thousand Refugees Need Immediate Help

### HELP MUST ARRIVE IF PEOPLE GET ANY RELIEF WHATEVER

### WEST END HAS FINE PROSPECT FOR PRODUCTION

### ENGLAND READY TO PROCEED IN EFFORT TO CURB THE TURK

CONSTANTINOPLE, Sept. 30.—The Greek revolution has resulted in an utter administrative chaos and a complete breakdown of all normal processes of life. The Greek revolution has resulted in an utter administrative chaos and a complete breakdown of all normal processes of life.

#### BELGRADE KING KILLED STATES LATEST REPORT

Revolution Reported and Nation in Charge of Wild Crowd; Report Unauthenticated

PARIS, Sept. 30.—An unconfirmed report has reached the Hungarian news agency in Paris that a revolution has occurred in Belgrade and King Alexander of Yugoslavia has been assassinated. The news agency gives out the report "under an all reserve."

BELGRADE, Sept. 30.—The press bureau has issued a note denying the alarming news concerning the reported revolution in Belgrade is aimed against the crown and declares those reports are due to enemy reports.

#### TO ORGANIZE VOLUNTEER DEPARTMENT OF FIRE

There will be a meeting on Monday night for the organization of a volunteer fire department in Tonopah. The meeting will be held at the city hall and it is hoped there will be a large gathering present. A volunteer fire department working in harmony with the paid department can be of great service to the taxpayers.

#### HABERDASHER IS CLEARED OF SERIOUS CRIME

Judge Admits There May Have Been Undue Relations, but Vindicates Accused

SOUTH BEND, Ind., Sept. 30.—Harry Poulin, haberdasher, charged by Mr. Augusta Tiernan with being the father of her third child, was found not guilty today in the city court. Judge C. Ludcomb made it plain in his comment he found the defendant not guilty in the strict sense of the word. He said he believed there had been intimate relations between Mrs. Tiernan and Poulin. The fact, however, that Professor Tiernan had lived with his wife throughout the entire affair created a reasonable doubt that made it legally compulsory to find in favor of the defendant.

Professor and Mrs. Tiernan will not become reconciled, according to plans announced by the professor. The beginning of a permanent separation will occur late today or Monday, when Tiernan will ask his wife and three children to go to Bronson, Mich., where Mrs. Tiernan will make her home with her mother until she decides upon the future.

#### FANS TO HAVE REAL OUTING QUITE SOON

They All Want to Talk About Something That Happens Out of Ordinary

NEW YORK, Sept. 30.—What every fan goes to the world's series to see is one of "those plays"—one of the super-plays that he can talk about all winter and read about in somebody's memoirs in the years to come. He goes in the hope that he can tell some eager listener, "I saw it. I was there."

And in the hotels of the participating clubs in the days before the series is under way there will be that same jovial crew of "always there's." Some of them spend a week crossing the continent to experience the feel of a chilly bubble creeping up their spines to be exploded near the base of the brain by somebody's one-handed stab of a hot liner or some other of the deciding plays—one of the many climaxes of the series.

None of the old guard who take their baseball straight will ever forget the series of 1908, when Ed Overall and "Three-Fingered" Brown pitched the old Cub machine of the "genuine mahogany" days to four victories to one defeat against Detroit. Ed Rubebach and Ed Pfeister were other hurlers of the old Cubs.

In the hotel lobbies now they are heatedly discussing the pitching duels between Christy Mathewson and Rube Marquard of the Giants against Chief Bender and Eddie Plank of the Athletics of only ten years ago, and how Franklin J. Baker, the young Marylander, was permitted to sign "Home Run" before his name when the dust had cleared away.

Others talk of the "hitless wonders" of 1906—the team of the late Jiggs Donahue and the amusing Nick Altrock, that swamped Frank Chance and his brilliant Cubs, four games to two, and how Donahue made several one-handed catches of badly-thrown balls by stretching an unbelievable length while holding one foot on the bag.

They talk, too, of Babe Adams, the old war horse of the Pittsburgh Pirates, who won three games for the "Smoky City" team from the Tigers of other days—the 1909 American league champions.

The Boston tribe speaks touchingly—almost tearfully—of the 1912 series which the Red Sox took from the Giants, winning four, losing three and tying one. "It was in the eighth and final game at Boston on Oct. 6, when the score was a tie at the end of the ninth," so the legend runs.

**DEL PAPA OPENS NEW PLACE OF BUSINESS**

A Del Papa, whose place of business was destroyed by fire several weeks ago, is again open for business and he has one of the freshest and most complete stocks of goods ever offered to the buying public of Tonopah. Mr. Del Papa can well be proud of his new institution, and his popularity is gaining by leaps and bounds. He is a courteous and accommodating gentleman, and once a customer you are always a customer. Prices are right and no profiteering is permitted at this popular business institution. Pay Del Papa a visit and you are sure to be satisfied.

#### WARD ENTHUSED WITH OUTLOOK FOR DISTRICT

President of Tonopah Extension Believes Nevada Destined For a Great Future

INTERESTED COMSTOCK MINE Has Faith in Tonopah as Home Of Greatest Silver Mine in History of World

Dr. M. R. Ward, president of the Tonopah Extension Mining company, arrived in Tonopah yesterday from his home in Wayne, Pa. He inspected the Comstock at Virginia City, where he spent Thursday inspecting the mine and development on the Comstock Merger Mines property, in which he is interested, and the mill of the United Comstock Mines company at Comstock.

Dr. Ward spoke hopefully of the prospects of the Middle Mines and expressed himself as greatly impressed with what he termed the substantial and massive character of the United Comstock mill.

The doctor was met by John G. Kirchen in the evening and with him continued on to Tonopah to look over his interests there.

Speaking of the Tonopah Extension, Dr. Ward said that this company, in addition to the 1200-gallon pumps recently installed on the 1100-foot level of the McKane shaft, will soon install another pump in the Victor and will proceed with the unwatering of the west country as rapidly as possible.

Dr. Ward states that the Extension has followed ore down from the 270-foot level to the 1880-foot level, the lowest working, opened up in the mine where Dr. Ward says he is happy to say has been developed the biggest and best showing of ore yet found in this mine, which has already produced more than \$17,000,000.

The Extension is operating its 400-ton mill to full capacity.

#### KING DEPARTS WITH WIFE FOR NEW LOCATION

Greek Steamer Is Placed at the Disposal of Dethroned King and Relatives

ATHENS, Sept. 30.—Former King Constantine, Queen Sophie and Prince Nicholas sailed today for Palermo, Sicily, aboard the Greek steamer placed at the disposal of the fallen monarch by the revolutionary committee. Their departure was without ceremony.

**YOUNG MARRIED MEN TO BE ROYALLY ENTERTAINED**

The young married people of Tonopah will be entertained tonight at Odd Fellows hall by the single men of the town, when a dance will be conducted. The single boys make this an annual occurrence and elaborate preparations have been made for the event. Ed Lydon will be the chef and Dick Harvey will be in charge of refreshments. Ture Gomossa is sponsor for the entertainment committee, while William Carr will serve as officer of the day.

#### Tonnage Is Kept Up to Standard And Earnings Have Not Diminished in Least

OHIO SHOWS GREAT ORE BODY Nine Feet of Ore Exposed on Four Hundred Level of Ohio Workings

West End made good progress during the week ending Saturday, Sept. 30, as is evidenced by the following report:

From the West End shaft, drift 347 made fair progress, with no change to report. Footwall crosscut 404A made good progress in Mizpah trachyte. Crosscut 413B made fair headway, without change to report. Raise 682 No. 1 has been started from crosscut 682 No. 1. It shows a full face of good ore.

From the Ohio shaft, crosscut 415 passed through nine feet of commercial ore. Drifts will be started on the vein. Intermediate drift 510 made fair progress on a full face of low-grade quartz. Crosscut 553 has been started from crosscut 503 to the north. Raise 549 No. 1 has been started from stope 549 No. 1 on low-grade ore. Drift 555 No. 3 made fair progress on low-grade ore. Drift 555 No. 8 shows no change to report. Crosscut 614 advanced 19 feet in Mizpah trachyte. Drift 505 No. 2 advanced 25 feet in low-grade ore. Raise 505 No. 2 cut the vein and has been suspended. Work in crosscut 505 No. 2 has been resumed. Raise 518 No. 3 advanced 17 feet in low-grade vein material. Crosscut 562 made the usual advance, without change to report. Raise 574 advanced 22 feet in West End rhyolite. Crosscut 577 has been started from crosscut 524 to the south.

Regular work was performed in Tonopah 76 ground, with no change to report.

Mill tonnage for the week was about 1750 tons and development footage was 253 feet.

#### SIBERIAN ARMS DISAPPEAR MOST MYSTERIOUSLY

Thirty-Two Truckloads Known To Have Left Mukden for Tsolin Headquarters

TOKIO, Sept. 30.—Official investigations have confirmed reports of the disappearance of large quantities of arms in Siberia, according to a statement from a most reliable authority. One consignment of 32 truckloads is known to have gone to Mukden, the headquarters of Chang Tsolin, uncrowned king of Manchuria.

Nineteen truckloads of mixing arms belonged to the Czechoslovakian troops who evacuated Siberia two years ago after fighting their way across the country from European Russia. These arms had been placed in the custody of the Japanese. A Japanese officer, in charge when they dropped from sight, has been arrested and is facing court-martial.

**NEW SUPERINTENDENT AT TONOPAH MINES HOSPITAL**

Miss Rena Bergstrom assumed charge at the Tonopah Mines hospital this morning and Mrs. M. H. Howe left for Los Angeles to join her husband, who left Tonopah several months ago to establish there a residence. The management of the hospital, and especially the patients who have come under her efficient care, will regret her departure and join in wishing her all the happiness she surely deserves.

Miss Bergstrom comes well recommended, being a graduate of the Minneapolis City hospitals, and has filled many responsible hospital supervising positions elsewhere.

#### ENGLAND READY TO PROCEED IN EFFORT TO CURB THE TURK

LONDON, Sept. 30.—A greatly despondent view is held in official quarters here regarding the prospect of avoiding war with the Turks and is shared in allied military circles in Constantinople. According to dispatches from the eastern capital to the Associated Press, Mustafa Kemal Pasha's requirement that the British withdraw their troops from Asia Minor as a condition precedent to the limited retreat of the Ottoman forces from the neutral zone of the straits is regarded by local military opinion as closing the door to the pacific settlement of the present dispute.

#### BELMONT MAKES HEAVY OUTPUT AT ALL TIMES

Operations Being Carried Forward on Eight Different Levels of Property

LARGE RESERVES SHOWING Production Will Probably Be Increased as Result of Activities

Tonopah Belmont Development company continues its aggressive campaign of development and work is being prosecuted on eight different levels. The production is being kept well up to the standard and the output for the present year promises to prove a record breaker. The official report of operations for the week ending Saturday morning, Sept. 30, follows:

700 level—Northeast crosscut 747 has been started from face of north crosscut 701 and is to connect with raise 850.

800 level—Intermediate east drift off of raise 850 is being advanced on one and a half feet of ore. Intermediate south crosscut off of stope 810 has been stopped temporarily. Intermediate west drift off of south crosscut off stope 910 is following a streak of quartz.

900 level—West drift 9035 is being advanced on a foot and a half of ore intermediate east drift off of intermediate south crosscut off of stope 810 has been stopped temporarily. Intermediate west drift off of south crosscut off stope 910 is following a streak of quartz. Driving has been resumed on north crosscut off stope 910.

1000 level—Northeast crosscut 10081 has been stopped and raise 129 temporarily discontinued. Southeast crosscut 10025 is being advanced in trachyte. East drift 10084 and west drift 10085 have been stopped temporarily. Driving has been resumed on northeast crosscut off of north crosscut 10053.

1100 level—Intermediate south crosscut is being driven from raise 131. Raise 135 is being driven to connect with the 1000 level. Raise 136 is being driven from southeast crosscut 11021 for ventilation. Intermediate southwest crosscut off of stope 80 is being continued.

1200 level—Intermediate northeast crosscut off of intermediate south crosscut off of east stope 7 is being driven in trachyte.

1300 level—Raise 43 is being driven from intermediate west drift off of stope 1305.

1500 level—Southwest crosscut 1505 is being continued for prospecting.

quarters, is likely to be precipitated any hour unless the Turks withdraw from the neutral zone.

Large forces of British infantry have been landed here from the trans-Atlantic liner Glengorm Castle. They are to reinforce the lines on the Asiatic side of the Bosphorus, which the British will defend in the event the Turkish nationalist army at Ismid begins a movement toward Constantinople.

It was breaks—and at this moment it appears almost a miracle will be needed to avert it—Great Britain will enter it under discouraging auspices for a preponderance of opinion in the nation is not behind the movement. The voice of the people, as represented by the press, is raised in condemnation of the manner in which the whole near eastern situation has been managed by Lloyd George, who but yesterday was a national hero, and now is the butt of violent criticism, accused of having meddled with international politics which he does not understand and having brought the country face to face with another war, all for the purpose of saving the face of himself and colleagues.

#### JUAREZ QUIET AFTER DISORDER OF FOUR HOURS

Ten Men Are Killed and Many Wounded Following Effort of Revolters to Take City

EL PASO, Tex., Sept. 30.—Juarez is again patrolled by men in sympathy with the administration at Mexico City after being in possession of rebels, for four hours. In this brief period the fighting resulted in the killing of ten men and the wounding of twice that number.

Three private soldiers who revolted were put against an adobe wall at the military headquarters and shot to death, says an official announcement. General Mendez has reorganized his depleted forces and with the aid of river guards, police and private citizens, is defying a force of 200 rebels just outside the city.

The rebels came in the skirmish formation and all were armed and apparently each had khaki uniforms. The fighting was hot, but of brief duration, the rebels taking to flight to the southeast. According to some calculations there were as many as 15,000 shots fired. General Mendez several hours later, while rallying his men for another encounter, the rebels being expected to make a stand, said he had taken 35 prisoners and there were four or five rebels known to have been killed.

#### MAN IS KILLED AND TRAFFIC IS TIED UP

SACRAMENTO, Calif., Sept. 30.—Andrew D. Kullis was instantly killed when the northbound Sacramento and the Northern northbound Interurban struck his automobile at a crossing north of town. He was badly mangled and traffic was tied up pending the removal of his body.

**VALENTINO ENJOINED**

NEW YORK, Sept. 30.—Rodolph Valentino, movie actor, was today restrained from appearing in any screen picture other than those produced by the Famous Players-Lasky corporation during the period he is under contract with that organization, in a decision by Supreme Court Justice Wasservogel.

**TWO AMERICANS HURT**

EL PASO, Tex., Sept. 30.—Two Americans, citizens of El Paso, were slightly wounded on this side from stray bullets during the fight occasioned by the revolt of the Juarez garrison.

**BRITISH TROOPS ARE BEING SURROUNDED**

CONSTANTINOPLE, Sept. 30.—Turkish troops continue in close contact with the British. They have formed a screen around the British forces, behind which they are making concentrations and reconnoitering. The British have established war-time censorship.

tion has been managed by Lloyd George, who but yesterday was a national hero, and now is the butt of violent criticism, accused of having meddled with international politics which he does not understand and having brought the country face to face with another war, all for the purpose of saving the face of himself and colleagues.

PARIS, Sept. 30.—M. Venizelos last night telegraphed to Athens his acceptance of the invitation extended by the revolutionary commission to take up the task of defending Greece's interest in the allied capitals.

CONSTANTINOPLE, Sept. 30.—In a letter to an intimate friend the sultan, reports of whose abdication has been in circulation, declares he will not abdicate.

#### MASS MEETING OF REPUBLICANS GREAT SUCCESS

Republicans at Virginia City Receive Great Reception From the Populace

VIRGINIA CITY, Sept. 30.—The Comstock turned out en masse last night to welcome John H. Miller and other republican state and national candidates. The Virginia theater was filled and 75 extra chairs brought in and many stood. Roy Hardy opened the meeting, introducing E. E. Roberts as chairman. Roberts made a strong speech showing that Key Pittman was entitled to no credit in passing the silver bill other than being chairman of the committee. Pittman had charge of the bill in the senate. Mr. Pittman did not even draft the bill and will not say he did. John H. Miller spoke more at length than usual, analyzing the condition of the state finances and showing where money can be saved to the taxpayers. Blackwell, Griffith, Alexander and Atkinson followed with short speeches favorably received. A great welcome was given Atkinson.

A Grant Miller closed the meeting. The audience responded to his wit, humor and hard facts presented. Referring to Mr. Pittman, who claims having done everything that has been done for Nevada, he said: "Facts are hard things to argue down. Pittman's answer to the facts presented by the republicans consist mainly of pure denials. If a man would constantly stand and iterate and reiterate that two and two do not make four, I know of no lawful way to stop or tax him, and could only declare him a public nuisance and let 'em go at that." A big dance followed the meeting.
